Foot & Ankle Arthroscopy - Instructional Course

27 - 28 March 2014
Course convened by: Professor van Dijk, Netherlands - proposed Chairman
Venue: Smith & Nephew - Surgical Skills Centre, York

This Foot and Ankle Arthroscopy Instructional Course will combine lectures from world-renowned faculty with hands-on cadaveric training and in-depth debate. The course content will include surgical approaches and arthroscopic procedures around the ankle joint and hindfoot, tendoscopy and repair procedures.

This course targets healthcare professionals interested in foot and ankle arthroscopy and in expanding their procedural development. The course is open to surgeons at all levels of experience. A good level of competency in English is required.

Fee: £975.00
